## Outstanding Questions from the Enrollment-Based Pay and Prospective Pay Presentation 10/1

- How will this impact emergency closures for snow, power outages, etc. or provider in-service days?
  - DCYF has not developed policies that outline allowed payment for planned or unplanned closures. We hope to review the feedback provided during ELAC and Providers supports and revisit this and other questions as we continue to develop policies.

# Office of Innovation, Alignment and Accountability

OIAA has convened a report team comprised of DCYF staff who will use their subject matter expertise to review the 2025 FSKA evaluation legislative report. We held our scoping meeting in September 2024 and have submitted the scoping document according to DCYF's Government Affairs process. OIAA will be reaching out to this team in spring of 2025 to begin reviewing the draft report, which is due to the legislature on September 15<sup>th</sup>, 2025. We continue conducting supplemental analyses (e.g., child care continuity), as well as updating some of the existing analyses with 2024 data (e.g., provider churn) for the FSKA evaluation. For resources related to the FSKA evaluation please visit our site on DCYF's Agency Performance Page:
