Monitoring and Tracking
Purpose and Overview

The Washington State Department of Children, Youth, and Families (DCYF) scholarship program is an educational support program that serves those that work on behalf of children and families. The DCYF early learning scholarship program supports the continuous quality improvement of Washington State’s early learning workforce by providing funding opportunities for individuals employed at programs participating in Early Achievers. Outcomes for children improve when early learning programs and professionals have access to specialized learning opportunities.

The purpose of this guide is to summarize DCYF’s early learning scholarship program for contractors or others who are curious about its basic principles. For information about policies and procedures including education policies, please visit the Professional Development Policy and Procedures Manual. This guide does not provide advice on financial aid opportunities, including Federal or State Financial Aid.

DCYF Scholarship Program

The DCYF Scholarship Program is a non-traditional scholarship model, which allows funding to be delivered through grant opportunities. The benefit to students is that this model does not require a student to pay back any funds regardless of their academic outcome.

Early Achievers Grant

The Washington State Board of Community and Technical Colleges administers a college grant, which is included in this scholarship program guide.

- It provides funding for early learning professionals pursuing:
  - An Early Childhood Education (ECE) Stackable certificates
  - An Associate degree in ECE

Child Care Aware of Washington Scholarships

The Child Care Aware of Washington organization administers this program. The program provides funding for early learning professionals pursuing:
• A Bachelor’s degree in ECE or a similar field
• A specialized certificate program (i.e., Montessori or University of Washington Coaching program)

Scholarship Recipient Requirements

Eligibility Criteria
Early learning professionals must meet the eligibility criteria described below to receive DCYF scholarship program funding, including employment and educational program requirements. DCYF awards scholarships on an objective and nondiscriminatory basis. There are no income-based eligibility requirements. Meeting eligibility criteria does not guarantee funding. Applicants may only receive funding from one DCYF scholarship source at a time.

Residency Requirements
Funding is available to scholarship recipients regardless of citizenship or Washington State residency status. Tuition rates are dependent on residency and citizenship status.

TIP: If an applicant lives in a neighboring state, they are eligible for scholarship funding as long as they meet employment requirements.

Employment Requirements
Applicants must work at a program participating in DCYF Early Achievers. All applicants must meet the criteria in the following table for employment to be eligible for DCYF scholarship funding.

<table>
<thead>
<tr>
<th>Employment Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employment Site</td>
</tr>
<tr>
<td>Employment Classroom</td>
</tr>
<tr>
<td>Employment Duration</td>
</tr>
<tr>
<td>Hours</td>
</tr>
</tbody>
</table>

TIP: Hours are averaged for the academic year. If an applicant has active employment at more than one facility or changes facilities, all hours worked in qualifying roles contribute to the total work hours needed. If an applicant is no longer employed at a program participating in Early Achievers or a facility does not renew participation in Early Achievers, the individual may complete the current quarter or semester.

Role Requirements
Applicants must work in a qualifying role, in a licensed classroom, or Early Childhood Education and Assistance Program (ECEAP) classroom. All qualifying roles are included in the following table.
TIP: Licensed early learning roles that do not have education requirements per WAC 300-0100 are not eligible for DCYF scholarship funding. Any role not listed in the table above is not eligible to receive DCYF scholarship funding.

Scholarship Application Instructions
All applicants interested in participating in the DCYF scholarship program will need to complete a scholarship application. Scholarship application information is available on the DCYF early learning scholarship program webpage.

Applicants must:
1. Review and meet all of the eligibility requirements for the scholarship funding
2. Apply for admissions to the approved academic program at the college or university of choice
3. Complete the scholarship application form
4. Verify employment and sign release form
5. Notify the Early Achievers Grant point of contact or Child Care Aware scholarship contact of any changes to their academic program, institution, employment, or personal information

Application Deadlines
All potential scholarship recipients are responsible for meeting application timelines for their program of choice. It is important to express interest early – scholarship funding is awarded based on priority and a first-come, first-served basis. Applicants should apply at least one quarter before the intended program start date.

Early Achievers Grant
Early Achievers Grant applications are accepted by colleges throughout the year, however, applicants will only be granted funding for upcoming quarters, not a current running quarter. Applications must be completed before funding is awarded.
Child Care Aware of Washington Scholarships

Applications must be completed and received by the dates listed below to be considered for the corresponding term. Applications received after these dates may still be eligible for funding if funding permits.

- Fall: August 15
- Winter: November 15
- Spring: February 15
- Summer: April 15

**TIP:** Each scholarship or grant program determines renewal for the funding. An updated application may be requested if there is a change in employment, job role, or other personal information.

Advising and Recruitment

Scholarship programs use a Relationship-based advising model that consists of academic advising elements, but built on a relationship foundation, that includes sharing information through trust, communication, and connectedness. Relationship-based advising engages both student and advisor, which leads to higher success rates for students.

- Create clear curricular pathways to employment and further education
- Help students choose and enter their pathway
- Help students stay on their path
- Ensure that learning is happening with intentional outcomes
Funding: Priority, Award, and Fees

Priority Criteria
Scholarship funding is awarded based on eligibility, priority criteria determined by DCYF, and available funding. When implementing priority levels in the table below, program type then primary language spoken is considered within each priority. Academic programs authorized for DCYF funding are found on the Scholarship Funded Programs document.

Priorities by Program type:
1. Licensed Family Home Providers
2. ECEAP Educator (center role, serving ECEAP classroom)
3. Licensed Centers (not serving ECEAP)
4. Head Start (see Award Limits for more information about Head Start)

Primary Language: When applying the priority above, add consideration for students whose primary language is not English.

- Example: Two students in priority 1 in the table below, if a student is a family home provider and Spanish speaking, they would have priority over a student working in ECEAP that is Spanish speaking

The point of contact or scholarship program coordinators will implement the following priority levels.

<table>
<thead>
<tr>
<th>Priority</th>
<th>Early Achievers Grant (EAG)</th>
<th>Child Care Aware of Washington Scholarships</th>
</tr>
</thead>
<tbody>
<tr>
<td>1&lt;sup&gt;st&lt;/sup&gt;: Current EAG recipients receiving DCYF scholarship funding and working on meeting DCYF staff qualifications or who need to complete the current certificate/degree they are working on*</td>
<td></td>
<td>1&lt;sup&gt;st&lt;/sup&gt;: Current scholarship recipients receiving DCYF scholarship funding</td>
</tr>
<tr>
<td>2&lt;sup&gt;nd&lt;/sup&gt;: Eligible applicants who need to meet DCYF staff qualification requirements</td>
<td></td>
<td>2&lt;sup&gt;nd&lt;/sup&gt;: Applicants seeking an approved Montessori certificate to meet DCYF staff qualifications</td>
</tr>
<tr>
<td>3&lt;sup&gt;rd&lt;/sup&gt;: Current and returning EAG recipients continuing their academic program and already receiving funding but have met DCYF staff qualifications for their role (going beyond the minimum required for their role)</td>
<td></td>
<td>3&lt;sup&gt;rd&lt;/sup&gt;: New applicants working toward a BA/BAS in ECE or similar or approved academic programs</td>
</tr>
<tr>
<td>4&lt;sup&gt;th&lt;/sup&gt;: Eligible providers who received scholarship funding in the past and need to meet DCYF staff qualifications</td>
<td></td>
<td>4&lt;sup&gt;th&lt;/sup&gt;: New applicants working toward a BA/BAS in ECE with teacher certification</td>
</tr>
</tbody>
</table>

*This includes military service students who previously received EAG funding and are now returning from deployment.*
Recruitment

Scholarship recruitment will implement strategies to recruit potential students onto a grant, even if it means adding students to the wait list. Recruitment should prioritize family home providers, childcare centers, and programs that serve ECEAP.

Some of those strategies may include:

- Attend meetings (program staff meetings, community director meetings, etc.)
- Go to programs in the community to talk about your program offerings
- Career Fairs
- Outreach to potential students
- Provide Outreach materials such as: RAC cards, brochures (Example in Appendix), and flyers
- Personal outreach based on DCYF provided data

Funding Waitlist

Providers are placed on a waitlist if the number of applicants exceeds the amount of available funding. Applicants remain on the waitlist until they request to be removed from the list. Providers are not included on the waiting list if there is funding available, but they are choosing to start in a future quarter.

Awarding Funding

Scholarship programs are responsible for the following:

- Notifying applicants of the status of their scholarship funding
- Working with the institution to cover the cost of tuition and fees awarded
- Assisting applicants with understanding additional funding opportunities (i.e., financial aid, state grants, etc.)

Early Achievers Grant recipients must be informed that their certificate and degree completion will be sent to DCYF automatically. They do not need to complete the education application in MERIT unless they are requesting in-service hours for their completed courses.

Child Care Aware of Washington Scholarships must receive a copy of the recipient’s course schedule before funding can be dispersed.

TIP: The amount of time between submitting a scholarship application and receiving an award varies on a case-by-case basis. If, for any reason, the college or university cancels a course, the college or university will refund tuition costs and fees to the scholarship/grant program.

Award Limits

<table>
<thead>
<tr>
<th>Scholarship Program</th>
<th>Award Limits for Tuition</th>
</tr>
</thead>
</table>
| Early Achievers Grant   | • Tuition funding covers up to 97 credits. Students must complete a state certificate before progressing to associate year two courses.  
|                         | • EAG funding can be used to cover the classes required by the college to earn a certificate or degree. |
TIP: Early Achievers Grant recipients may request a waiver to enroll in additional credits if they meet the following criteria:

- Recipient is pursuing the WA ECE State certificate and needs to complete one or more developmental classes in math and/or English
- Recipient is completing a WA ECE State certificate, and courses are available that would help work toward an ECE associate degree

Leveraging Funding Options

DCYF Scholarship Programs support scholars through all eligible funding options such as the Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA). U.S. Citizens and eligible non-citizens (as determined by the U.S. Department of Education) may file the FAFSA to receive federal financial aid, such as Pell Grants and federal student loans. DACA students or undocumented students can apply for WASFA safely to determine eligibility for state financial aid. These applications are encouraged but not required to receive DCYF scholarship supports. When available leveraged funding must be used first or shared with DCYF funding. When there is additional funding available, DCYF scholarships are not first pay.

College Fees

Scholarship program funding covers most college fees. The following fees are not covered at any time:

- Admission/application fees
- Late registration fees
- Copies of official transcripts
- Dropped class fees

Book Expenses

<table>
<thead>
<tr>
<th>Scholarship Program</th>
<th>Award Funding for Book Expenses</th>
</tr>
</thead>
</table>
| Early Achievers Grant             | - Book expenses up to $1,000 for a full-time student per academic year (this averages to $22.22 per credit for textbooks)  
  o Book expenses that exceed this limit can be approved by the point of contact by using Early Achievers Grant wraparound funds  
- Book purchases can be made at the college bookstore using a student account  
- Scholarship program point of contact can establish an account at the college bookstore for recipients to purchase books  
- Students may purchase books and submit a receipt to the scholarship program's point of contact for reimbursement |
Emergency Funds (Early Achievers Grant Only)
Emergency Funds are available to students based on need. Students may request emergency funds more than once. Each college sets a policy for the request and use of emergency funds. Grantees must be currently enrolled in an active quarter to request funds.

Release Time (CCA of Washington Scholars Only)
Release Time is a voluntary benefit used to compensate child care facilities for supporting scholars while they are enrolled in coursework. Scholars may use the paid time off to study, meet with advisors, attend classes, or address any matters regarding their coursework. The scholar’s child care facility still pays the scholar for this time at their regular pay rate.

The CCA of Washington Scholars program will pay the child care facility $15 per hour, for up to three hours each week of enrollment, for the time away from the scholar’s work duties. Facility directors and scholars must complete the Release Time Claim Form during the term and submit the request for payment according to the deadlines for each calendar quarter. Payments are made to the child care facility. The Release Time claim form is available online at https://childcareawarewa.org/providers.

Substitute Coverage
Licensed child care providers have access to the statewide Substitute Pool, which may support professional development or other purposes. This may include time off to study, meet with advisors, attend classes, or address any matters regarding their coursework.

Role requirements may be in place to request the time off, and substitute time is only available as funding and allowable day allotment is available.

Academic Program Enrollment

Academic Programs Covered
For a complete list of eligible programs, please review the DCYF Funded Scholarship Programs.

Ineligible Colleges, Universities, and Degree Programs
DCYF has guidelines for funding to support the early learning workforce and focuses on growing all levels of workforce preparation. It is our goal to build state capacity and responsiveness for early learning preparation programs.

Scholarship funding is dedicated to credit-bearing opportunities for the early learning workforce and does not go toward training reimbursement for state-approved training — other resources are available for training.
Institutions ineligible for scholarship funding include:

- For-profit colleges
- Out-of-state colleges: Colleges outside of Washington State are not eligible for scholarship funding. This includes colleges that have satellite campuses within Washington, but the primary location is outside of Washington State
- Colleges that choose not to participate in the Early Achievers Grant
- Program majors not covered by DCYF scholarship funding

**Maintaining Scholarship Criteria**

**Satisfactory Academic Progress**

All scholarship recipients must maintain the college or university Satisfactory Academic Progress (SAP) policy. This may include a minimum grade point average and also any specified requirements for the academic program they are enrolled in. Scholarship recipients who fail to maintain satisfactory academic progress are at risk of losing their scholarship coverage. DCYF reserves the right to seek reimbursement for tuition that does not result in satisfactory academic progress.

**TIP:** If a scholarship recipient struggles to maintain satisfactory academic progress, they’re encouraged to work with their Early Achievers grant point of contact or Child Care Aware scholarship program coordinator.

**Attendance**

Scholarship recipients must maintain regular attendance in the academic program. Scholarship recipients are responsible for communicating any changes to academic enrollment to the scholarship program coordinator or point of contact. If a scholarship recipient misses more than one consecutive quarter due to non-enrollment, they are at risk of not having their scholarship renewed.

**Course Completion**

Scholarship recipients must complete all enrolled courses.

<table>
<thead>
<tr>
<th>Scholarship Program</th>
<th>Actions Taken if Student Fails Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>Early Achievers Grant</td>
<td>• Scholarship recipient must repeat the course the following quarter or as soon as the course is next available&lt;br&gt;• Scholarship recipient may be able to retake a failed course by asking for a waiver. If the waiver is approved, the tuition will pull from the student’s overall scholarship funding and credit limits&lt;br&gt;• A course can be repeated one time, and no more than four courses can be retaken on the scholarship through their associate degree</td>
</tr>
<tr>
<td>Child Care Aware of Washington Scholarships</td>
<td>• The first failed course can be covered. If failed a second time, the scholar is responsible to reimburse the cost of tuition and fees&lt;br&gt;• Reimbursement payment arrangements or balance paid off must happen before the scholar can continue with the scholarship program&lt;br&gt;• If reimbursement arrangements are not made, the scholar will not receive further awards</td>
</tr>
</tbody>
</table>
• Scholars can fail a maximum of three courses a scholarship contract

<table>
<thead>
<tr>
<th>Scholarship Program</th>
<th>Actions Taken if Student Drops or Withdraws from Course</th>
</tr>
</thead>
</table>
| Early Achievers Grant | • All reimbursed funds will be returned to the Early Achievers Grant institutional account for any official or unofficial withdraw  
• The funds lost from a drop or withdrawal will count toward the students’ Early Achievers Grant tuition/fees funding maximum  
• If a student drops the program completely, then chooses to re-enroll later, they will be placed in the last priority group for unsatisfactory completion unless prior arrangements have been made with the POC  
• The student is not responsible for refunding books or instructional materials, but those materials will be asked to be returned to the POC  
• There are no refunds for books/instructional materials that have been purchased if a student drops or withdraws from a course |
| Child Care Aware of Washington Scholarships | • Scholars who drop a course after the 100% refund deadline (i.e., add/drop date) will be responsible for refunding Child Care Aware of Washington Scholarships the full balance of tuition, fees, and books  
• Scholarships will not provide payment for any books purchased for dropped courses |

**Scholar Experience Survey**
The survey is to be provided to scholars based on funding source agreement with DCYF but at least once each fiscal year.

**Resources**
Where to go for answers:
- ECE Pathways – Career Planning Portal or DCYF Professional Development page
- EAG CANVAS page SBCTC – Contact Megan Harper at SBCTC for access
Appendix A

Purpose
The purpose of Appendix A is to support the Early Achievers Point of Contact (POC). As a POC, your role focuses on the recruitment, advisement, and supports necessary for student completion of their ECE credential.

All POCs have the same expectations and are required to follow the guidance provided in this appendix regardless of the office where the POC is housed. Points of Contacts (POCs) are usually housed in two different offices depending on the college. Some POCs are housed specifically in the ECE program, while others work within the Workforce Department.

Help students with College Admissions & Resources

- Support students to complete admissions forms and paperwork
- Walk students through the process of getting a student ID and parking pass if needed
- If needed: assist with residency status
  - Assist in residency documentation
  - Submit residency questionnaire form through your admissions department
  - Handwritten or typed statements will need to be notarized.
- Provide technical assistance resources for the following:
  - Laptops, hot spots, or other equipment needed that student can loan.
  - Student support services for computer skills support
- Provide student learning supports:
  - Advise the I-BEST supported classes
  - Offer required courses in first languages.
  - Develop a guide or network of tutoring supports for ECE and general academic courses
  - ADA connections
- Provide assistance to students facing emergencies or crisis, which prohibit them from fully being successful in classes.
  - Assess the need
  - Look for supports within the college that may be available: food bank, counseling, legal aid assistance, etc.
  - Award emergency funds through the EA Grant, as needed, based on the college policy

Discuss FASFA information, application requirements and other funding sources available

POCs work with students to understand each unique circumstance. In some instances, it is best for a student not to complete a FAFSA/WASFA because of family income. When working with students, review other potential funding sources and leverage resources to meet the needs of the student, and address the wait list as much as possible – do not supplant resources.

- Inform students they may be eligible for additional funding regardless of residency status
Support student through FAFSA/WASFA process (campus supports, submission information and how to complete the forms)

Work with Opportunity Grant, Worker Retraining, State Needs Grant, and DSHS Basic Food Employment & Training (BFET) program to maximize opportunities.

Completing & Submitting EAG Application

All POC’s are required to ensure Early Achiever Grant Applications are completed in full and meet eligibility criteria.

Help students directly by:

- Help student complete EAG application, including the employment and role verification in Merit.
  - verify STARS ID, employment, role, and Early Achievers status in MERIT
- Have student complete the student information release form
- Develop an individualized education plan with the student – meet with the student to understand and document a plan to help them work towards their professional goal.
- Help map out financial support the EA grant will provide and any gaps.
- Assist and support with the registration for classes, seeking priority enrollment when possible.

Help students navigate the college and payment options by:

- Pay for approved classes directly from the EA grant. The EA Grant does not reimburse tuition.
- Work directly with your Business Office, financial aid office, and others as needed to make braided tuition funding seamless.
- Ensure the student is not dropped for lack of payment (explore protective hold options for grant recipients).
- Address barriers for students if college policy is inconsistent with grant guidelines (ex: residency, FASFA requirements, etc.).

Determining Priority & Award

The Point of Contact (POC) will review the DCYF program guide to determine priority and will work with their institution to cover the cost of tuition and fees.

The POC should support students by:

- Determining priority
- Leverage funding
- Send tuition awards to cashier
- Send book awards to the bookstore
- Administer book vouchers with the college bookstore or reimbursements with valid receipts
- Establish a textbook lending library (EAG funding purchases text then loans out to scholars)

### Tip: Priority 1
- If a student is currently working on the State cert, but their role requires a short cert, let them finish the State cert at this priority, then drop to priority 3
- If in their MERIT account they are applying for a director role or have documentation that the owner/director would like to promote them to supervisor or higher you can fund for the State Cert at this priority

### Tip: Priority 2
- DCYF will provide SBCTC a set of data that will allow colleges to identify who in their area has “opted” to go back to school and still needs to meet their staff qualifications.
- Colleges will contact individuals to register them with an appropriate program
- Note: Often time’s individuals have not started their academic journey due to a lack of understanding or fear. As a POC, you are required to use relationship based advising when establishing a relationship with your student.
Monitor and Tracking

POC’s are required to ensure student progress is tracked and course failure does not exceed the allotted amount. See “Lack of Academic Progress”.

Data collected in the following areas will be required for the quarterly and annual reports:

The POC supports students through monitoring the following:

- Monitor employment verification (this must be verified each quarter)
- Monitoring records for wait-list, enrolled students, and scholarship status
- Monitoring a student’s mid-term and final grade
- Monitor grant recipient once during each quarter to track registration and discuss outcomes from mid-term progress report
- Document challenges, lessons learned, and success stories
- Monitor support needs based on student request or mid-term progress report

POC’s are responsible for tracking the following items:

- All required application documents
- Quarterly employment verification
- Registration (courses taken and completed)
  - Approval for additional credits can be awarded through a waiver provided by SBCTC Grant Manager if:
    - Student is pursuing one or more developmental classes in math and/or English to complete the one-year Early Childhood Education State Certificate.
    - Working towards an Early Childhood Education Associate degree as they complete their State Certificate and have additional courses available that will build towards the Associate in ECE
- Quarter credits (completed and uncompleted)
- Number of credits used by each student (see credit limits in Scholarship Guide)
- Reasons for uncompleted quarter credits
- Completions of certificates and degree
- Tuition expenses including, any use of funding from other sources.
- All waivers from the beginning of the program. This ensures that a student remains eligible under their current priority level.
  - Example: If a student has failed 4 classes or failed the same class more than once. They would need to obtain other funding to cover the class when taken again and they could fall under priority level 5 and could lose funding if the college does not have funding for students at that priority level.
- Book expenditures to ensure a scholar is not exceeding $1,000 per fiscal year for a full-time student. (Grant covers $22.22 per credit not to exceed $1,000 FTE).
- Any use of wrap around/support funding
