July 25, 2013

TO: Children's Administration All Staff
FROM: Randy Hart, Deputy Assistant Secretary
SUBJECT: Child Safety Framework (CSF) staff survey

In November 2011, CA launched the Child Safety Framework to support and enhance our practice model and focus us on assessing child safety throughout the life of a case. We are nearing two years of working with the framework and our case reviews, conversations, and critical incidents demonstrate that every program area needs improvement in our use of the Child Safety Framework.

Your voice, knowledge, and opinion about our work are needed. We have developed, and are submitting to you, an all-staff survey that will give us a better understanding of where we need work and where we are doing well. The results of this survey will drive our practice improvement efforts to more effectively keep children safe.

This short, one page survey can be found [here](#) which will take five to 15 minutes to complete. Please complete the survey by August 10, 2013.

If you have further questions, please contact Keli Drake at Keli.Drake@dshs.wa.gov or 360-902-7871.

Thank you.
