

Electronic Attendance System

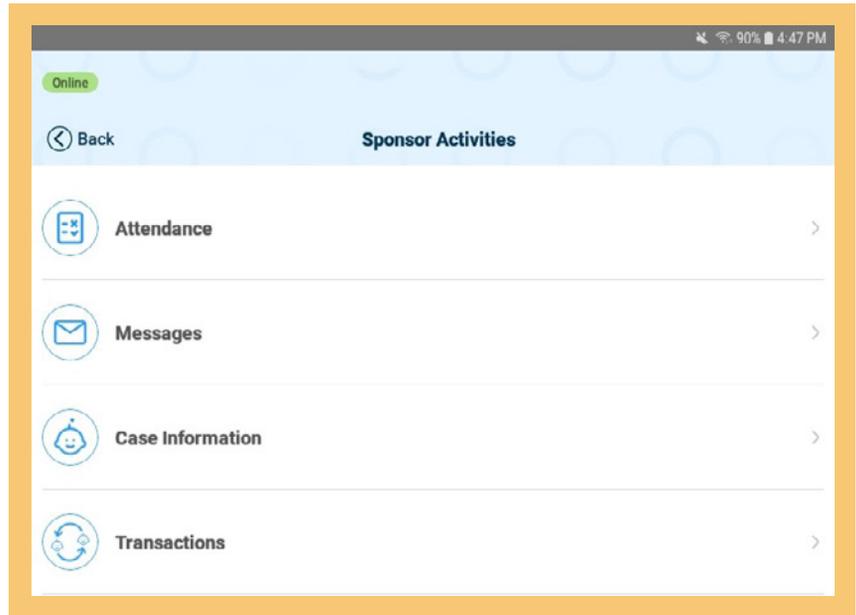

Parent Information

Did you know?

Your child care provider can now send you messages through the system.

When you log in using a tablet or smartphone, there are options on the screen:

- **Attendance:** Allows you to check your children in and out.
- **Messages:** Allows you to read messages from your provider, when available.
- **Case Information:** Displays basic information regarding your account.
- **Transactions:** Displays recent check-in and check-out activity.

Do you use your provider's tablet for check-in and check-out?

If your child care provider supplies a tablet with the KinderSign application for attendance check-in and check-out, you will notice the options listed after you log in. Select "Attendance" to sign children in and out.

Do you use your smartphone for check-in and check-out?

If your child care provider allows you to use your smartphone for attendance check-in and check-out, you will need to:

- Download the "KinderSmart Washington" application from your app store; and
- Work with your provider to complete the Mobile Registration process.

Questions?

Ask your provider or visit:
