

# Child Placing Agency Contact List

## Region 5

### What is a Child Placing Agency?

A Child Placing Agency (CPA) is an agency licensed by DCYF to complete home studies and supervise children and youth placed in the care of the families licensed by the agency. These agencies share DCYF's goal to reunify families, and they can assist families when a different permanent plan like adoption is needed. Washington is home to many Child Placing Agencies! We encourage you to learn more about the agencies listed in this resource. Here is some quick guidance to get you started!

1. Review this list and learn more about the agencies by visiting their websites.
2. Identify 2-3 agencies that you would like to know more about.
3. Contact the agencies and ask questions about their services to help you figure out which is the best fit for you! See a list of suggested agency interview questions at the end of this document as a helpful guide.

### Path Toward Licensure

- There is no right or wrong path.
- All paths lead to the same place - caring for children and youth experiencing foster care.
