

# Caregiver Support Resource Payments

## What are monthly caregiver support resource level payments?

Monthly caregiver support resource level payments assist licensed caregivers (foster parents and licensed kinship caregivers) in meeting the needs of children and youth experiencing foster care.

## How much should I expect to receive?

A Caregiver Support Resource Level 1 is paid to all licensed caregivers for costs related to food, clothing, shelter, and personal incidentals. There are six additional caregiver resource level payments which are paid to licensed caregivers who are parenting children with varying degrees of physical, developmental, behavioral, or mental health conditions that require increased effort, care, or supervision beyond the needs of a typically developing child.

The chart below outlines the monthly caregiver support resource levels by child's age and their support needs.
